

NOTES FOR SHUTTLE BUS DRIVERS AT THE GLEN

Please don't stop in traffic for a pick up or discharge, wait to pull over at a bus stop or other area out of traffic. Richardson Road traffic backs up very quickly while a bus has stopped.

Keep in mind that race fans are very opinionated about that drivers, cars, race tracks, etc. that they like and don't like. It is best not to express your own opinions and risk offending them.

Be aware that our guests may be "over-beveraged" and may step out into traffic. Don't trust them to keep walking in a straight line.

The tunnels are 15"3" tall.
